We will guide you!

BEST ROUTE TO MARKET

- Flow
- Mass, Volume & Energy
- Level & Inventory
- Chromatography
- Density

SECTORS

- Oil & Gas
- LNG & Cryogenics
- Chemicals
- Liquid Food, Beverages & Life Sciences

EPCS & ENGINEERING

- System Design Evaluation
- International Compliance Support

GENERAL

- Training
- Product Design Support
- Advice
- Expertise

MANUFACTURERS & PRODUCERS

- Type Approval / Module B
- Initial Verification / Module F
- Quality Systems / Module D
- Pre-testing & pre-auditing
- OIML, MID, (inter)national Standards
- System & Component Certification

END-USERS

- Mass / Energy Balance
- Loss Control
- Uncertainty Analysis
- Diagnostics
- Site & System Audits
- FAT / SAT
- Metrological Life Cycle Management
